Application Guidelines
For April 2027 enrollment

<"Tokyo Global Partners Scholarship Program" International Student Special Selection>

Under this program, Tokyo Metropolitan University (hereinafter referred to as "TMU"), operated by Tokyo Metropolitan Public University Corporation and established by Tokyo Metropolitan Government (hereinafter referred to as TMG), calls for excellent international students to study at the graduate school of TMU. Scholarship is granted to successful applicants to provide support, for example, in the context of tuition-free enrollment and stipend for living, so that they can focus on their studies and research. This program is being advanced based on the assumption that the revenue and expenditure budgets of Tokyo for 2027 will be approved by March 31, 2027.

1 Number of Grants:

One candidate (Specializing in Japanese Language and Literature)

2 Eligibility

Applicants eligible to apply for this program must meet each of the following requirements:

(1) A person who has or is expected to acquire a master's degree, has or is expected to acquire a degree equivalent to a professional degree, or who has been recognized by the graduate school as having academic ability equivalent to or higher than that of those who have a master's degree or a professional degree through individual screening of admission qualifications. The person should also have reached 24 years of age at the time of enrollment.

(2) Those who fall under any of the following categories: (a) to (c)

(a) Those who are enrolled in a research institution such as a university, governmental agency, local governmental agency (hereinafter referred to as "the Institution"), company, etc. and whose main campus, laboratory, or office, etc. is located in Asian countries/regions (*note1), Sister and Friendship Cities/States of TMG (*note2), etc., or those who have graduated from or completed an educational course at the Institution less than one year before applying for the program.

(b) Those who are enrolled in any of the universities listed in the International Partner Universities/Institutions shown in attached sheet (*note3), or those who have graduated from or completed an educational course at international partner universities/institutions less than one year before applying for the program.

(c) Those who are enrolled in a master's course (equivalent to the master's course at

TMU) at a university in Japan with a visa status of residence of "Student" at the time of application.

(3) A 2.30 Grade Point Average (GPA) or above, calculated by the following conversion table and formula, is required either in the course at the Institution, an international partner university/institution or a Japanese university enrolled at the time of application, or in the last educational institution attended prior to application. All applicants are expected to maintain a 2.3 GPA or above in the course they are enrolled in during the scholarship period.

Conversion Table

Grading System	Evaluation Scale				
Pattern 1		優 Excellent	良 Good	可 Fair	不可 Fail
Pattern 2		A	B	C	F
Pattern 3		100–80	79–70	69–60	59–0
Pattern 4	S	A	B	C	F
Pattern 5	A	B	C	D	F
Pattern 6	100–90	89–80	79–70	69–60	59–0
Grade point	3	3	2	1	0

Formula

{("Number of credits for grade point 3" x 3) + ("number of credits for grade point 2" x 2) + ("number of credits for grade point 1" x 1) + ("number of credits for grade point 0" x 0)} ÷ (total number of registered credits)

- If the credit system is not applicable for the classes you took, use the number of subjects instead of the number of credits to calculate your GPA.
- If you are a transfer student from one university/institution to another, use the number of credits you gained at the university to which you have transferred. However, also calculate the GPA in the same way as the grades you gained before the transfer (grade point at the university/institution previously enrolled before the present one).
- The subjects for which the grades do not fit the evaluation scale, such as those evaluated as "Pass" or "Approved," must be excluded.
- A fraction in the GPA should be rounded down to the third decimal place.

(a) Those who have passed the Japanese Language Proficiency Test (JLPT) level N2 or higher at the time of admission to the doctoral courses of TMU.

(c) Those who can be judged by the respective graduate school that accepts them to have Japanese language skills equivalent to (a) or (b).

(5) Applicants must be willing to learn basic Japanese language up to the level of understanding daily conversation by the time of completion of their program.

(7) Applicants must be willing to cooperate in forming a network of Japan-friendly cohorts and contribute to deepening the mutual understanding/friendship between Japan and foreign countries/regions and to the development of Tokyo and the world by utilizing knowledge and technology gained at TMU after completion of their program.

(8) Each applicant must obtain a new "Student" visa at a diplomatic mission or some other facility overseas before entering Japan and enter Japan with the newly acquired "Student" status. However, this does not apply to cases falling under (2)(a) or (b) of “Application Eligibility” who already have "Student" status in Japan at the time of acceptance, or cases falling under (2)(c) of “Application Eligibility” given above. (If they already have another status of residence such as "Permanent Resident,” "Long Term Resident,” it must be changed to "Student" by the end of the month prior to the start of the scholarship.)

(9) An applicant must be mentally and physically sound to pursue study and research at the university.

(10) An applicant should not fall under any of the following categories: (a) to (e). If an applicant is found to fall under these after being accepted, the support provided, such as scholarship, shall not, in principle, be granted.

(a) Those with Japanese citizenship, special permanent resident status, or who are allowed to reside in Japan permanently

(b) Those who are military personnel on active duty or army civilian employees
